Sir, I am Inspector Sharma from CBI Mumbai, badge number 4471. A parcel in your name was seized at Customs containing illegal drugs and your Aadhaar was used for money laundering. A non-bailable warrant is registered against you. Do not tell anyone, this is a confidential investigation. You are now under digital arrest and must stay on this video call. To clear your name you must transfer all your money to an RBI verified account for verification within 2 hours or we will arrest you today.

Tap any note above to load it into the scanner and run the analysis. Genuine notes: real RBI captures (Kaggle, India). Counterfeits: four illustrative fakes, each with a different invalid serial the RBI grammar check rejects — 0 0 0 0 0 (placeholder), 1234 567890 (too many prefix digits), ZZ 12AB34 (letters in number block), 9XYZ 8888 (too few digits). Subtler fakes need the CNN/VIT on the roadmap.

How to read this: each separate complaint looks unrelated — but scammers reuse the same phones, mule bank accounts and crypto wallets. Drawn as one map, that shared infrastructure **links the victims into gangs**. Big red dots = the **kingpin** account everything funnels into. Red lines = money moving. Click a campaign card on the right to highlight its gang.

Citizen Fraud Shield

Language: English

Prahari Shield - web/app prototype WHATSAPP/IVR INTEGRATION-READY

Instantly.

A CBI officer says I am under digital arrest and must transfer all my money to an RBI verified account or be arrested today.

⚠️ This looks like a scam. Real police/CBI NEVER arrest you over a video call or ask for money transfers. Hang up and call 1930.

Risk 78/100 - HIGH RISK

- 1. Authority impersonation: "cbi"
- 4. "Digital arrest" / video custody: "digital arrest"
- 5. Money / verification transfer: "rbi verified account"

I can file this for you:

- Do not transfer any money.
- Save call recording / screenshots as evidence.
- Call 1930 within the golden hour to freeze any transfer.
- File full complaint at cybercrime.gov.in.

Digital arrest ⚡ Electricity cut

Describe the message, or upload a screenshot... Send

How it protects citizens

- Instant verdict** on any suspicious call, message or payment request.
- Very low false positives** — explainable signals, not a black box.
- Guided 1930 / cybercrime.gov.in reporting** auto-filled with evidence.
- Answers entirely in the citizen's language** — pick Hindi and the whole conversation (greeting, verdict, reasons, next steps) is pure Hindi. **4 languages fully authored today** (English, हिन्दी, தமிழ், বাংলা); the remaining 8 of the 12 listed fall back to English until verified native strings are added — we don't ship machine-guessed translations.
- Channel-agnostic by design** — this is the web/app prototype; WhatsApp Business API and IVR call the same /api/shield/assess endpoint (integration-ready, not wired here).

Tap a sample under the chat to see a live verdict — or type your own.

WHAT TO DO RIGHT NOW

- Do not transfer any money.
- Save call recording / screenshots as evidence.
- Call 1930 within the golden hour to freeze any transfer.
- File full complaint at cybercrime.gov.in.
