Digital Arrest Scam Detection

Real-time NLP classifier with auditable kill-chain evidence

How to read this:

a digital-arrest scam always follows the same 5-step script. Paste a call or message on the left — the **kill-chain bar** shows how far the scammer has already got, the **score** is how certain we are, and every point is traced back to the exact words that caused it. Reaching step 5 means money is about to move.

1 · What was said

paste it, or try a sample

Digital-arrest call

Legit bank call

'Your son is in trouble'

Fake traffic e-challan

Fake customer care

SIM-block / KYC

Phishing link

Sir, I am Inspector Sharma from CBI Mumbai, badge number 4471. A parcel in your name was seized at Customs containing illegal drugs and your Aadhaar was used for money laundering. A non-bailable warrant is registered against you. Do not tell anyone, this is a confidential investigation. You are now under digital arrest and must stay on this video call. To clear your name you must transfer all your money to an RBI verified account for verification within 2

Analyze in real time ▶

2 · Call signals

optional — from the telecom side

Caller number — checked against the fraud graph

+91 98000 11111

Intl prefix spoof

VoIP origin

Spooled caller-ID

AI-voice detected

Number rotation

3 · Voice & video checks

optional

Is the voice real? ACOUSTIC

Upload call recording (.wav)

Analyze voice ▶

AI Verdict

96

ACTIVE SCAM live

Kill-chain reached: 4. 'Digital arrest' / video custody

Scam script — how far they got: **step 5 of 5**

Pretends to be police

Fake case / parcel

Don't tell anyone

'Digital arrest' on video

Asks for money

Why we flagged it — the exact words that matched (6):

1. Authority impersonation

matched: "cbi"

2. Fabricated case / parcel

matched: "parcel in your name was seized at customs containing illegal drugs"

3. Isolation + secrecy

matched: "do not tell anyone"

4. 'Digital arrest' / video custody

matched: "digital arrest"

5. Money / verification transfer

matched: "transfer all your money to an rbi verified account for verification"

Cross-cutting: urgency + threat

matched: "arrest you today"

Network signals

spooled_caller_id, ai_voice_detected

LLM second-opinion layer available — set ANTHROPIC_API_KEY to enable a hybrid read (rule engine remains the verdict of record).

How much each signal added to the score

INTERVENE NOW: inject in-call warning to victim, hold any outbound transfer for 30 min,

Sample notes — every denomination

Scan this note ▶	Scan this note ▶	Scan this note ▶	Scan this note ▶
Scan this note ▶	Scan this note ▶	Scan this note ▶	

Real RBI reference notes (₹10–₹2000, Mahatma Gandhi New Series). Tap any note to load it into the scanner and run the full forensic breakdown — or pick a denomination that doesn't match to see the mismatch guard.

Sample test notes — Real vs Fake

✓ Genuine notes (tap a note to scan it)

✗ Counterfeit notes (tap a note to see it rejected)

Tap any note above to load it into the scanner and run the analysis. Genuine notes: real RBI captures (Kaggle, India). Counterfeits: four illustrative fakes, each with a different invalid serial the RBI grammar check rejects — 0 0 0 0 0 (placeholder), 1234 567890 (too many prefix digits), ZZ 12AB34 (letters in number block), 9XYZ 8888 (too few digits). Subtler fakes need the CNN/ViT on the roadmap.

Fraud Network Graph Intelligence

Mapping coordinated campaigns, mules and kingpins

Jump to: scam, UPI, counterfeit
AI Assistant
🔔 3
20/7/2026, 22:48:48

How to read this: each separate complaint looks unrelated — but scammers reuse the same phones, mule bank accounts and crypto wallets. Drawn as one map, that shared infrastructure **links the victims into gangs**. Big red dots = the **kingpin** account everything funnels into. Red lines = money moving. Click a campaign card on the right to highlight its gang.

Coordinated Fraud Campaigns

● Victim (person who was scammed) ● Scammer phone ● Mule bank account ● UPI ID ● Wallet (Paytm/GPay) ● Shared device ● Crypto cash-out — money transfer

Re-run analysis ↗

2 coordinated gangs found in 20 linked entities —
₹94.4 lakh at risk.
Click a gang to highlight it on the map.

Gang #1 risk 99/100

People scammed	5
New victims / day	0.71
Time to 100 victims	-133 days to 100 victims
Money-mule accounts	5
Money at risk	₹88.3 lakh

Citizen Fraud Shield

Language

English

I'm on a suspicious call RIGHT NOW

Prahari Shield · WhatsApp / IVR / App

Instantly.

A CBI officer says I am under digital arrest and must transfer all my money to an RBI verified account or be arrested today.

This looks like a scam. Real police/CBI NEVER arrest you over a video call or ask for money transfers. Hang up and call 1930.
Risk 78/100 - HIGH RISK

- 1. Authority impersonation: "cbi"
- 4. "Digital arrest" / video custody: "digital arrest"
- 5. Money / verification transfer: "rbi verified account"

I can file this for you:

- Do not transfer any money.
- Save call recording / screenshots as evidence.
- Call 1930 within the golden hour to freeze any transfer.
- File full complaint at cybercrime.gov.in.

UPI 'wrong transfer' Work-from-home job

Describe the message, or upload a screenshot.

Send

How it protects citizens

- Instant verdict on any suspicious call, message or payment request.
- Very low false positives — explainable signals, not a black box.
- Guided 1930 / cybercrime.gov.in reporting auto-filled with evidence.
- Answers entirely in the citizen's language — pick हिन्दी and the whole conversation becomes pure Hindi: greeting, verdict, reasons and next steps.
- Works during the call, not after it — Live Call Guard walks a victim through a scam as it happens, and starts the golden-hour clock the moment money moves.

Tap a sample under the chat to see a live verdict — or type your own.

WHAT TO DO RIGHT NOW

- Do not transfer any money.
- Save call recording / screenshots as evidence.
- Call 1930 within the golden hour to freeze any transfer.
- File full complaint at cybercrime.gov.in.

RECENT CHECKS THIS DEVICE

Time	Verdict	Risk Level
10:48 pm	A CBI officer says I am under digital arrest...	HIGH RISK

WHY THIS MATTERS — NATIONAL PICTURE

₹1,935 Cr lost to digital-arrest scams in 2024 — 21x the 2022 figure · MHA

₹22,845 Cr total cybercrime losses across 22.68 lakh complaints in 2024, up 42% · IAC / MHA

Golden hour a 1930 call within the first hour is the best chance to freeze a fraudulent transfer · IAC
