Mapping coordinated campaigns, mules and kingpins

How to read this: each separate complaint looks unrelated — but scammers reuse the same phones, mule bank accounts and crypto wallets. Drawn as one map, that shared infrastructure **links the victims into gangs**. Big red dots = the **kingpin** account everything funnels into. Red lines = money moving. Click a campaign card on the right to highlight its gang.

I'm on a suspicious call RIGHT NOW

Prahari Shield · WhatsApp / IVR / App

Instantly.

A CBI officer says I am under digital arrest and must transfer all my money to an RBI verified account or be arrested today.

This looks like a scam. Real police/CBI NEVER arrest you over a video call or ask for money transfers. Hang up and call 1930.
Risk 78/100 - HIGH RISK
 • 1. Authority impersonation: "cbi"
 • 4. "Digital arrest" / video custody: "digital arrest"
 • 5. Money / verification transfer: "rbi verified account"
 I can file this for you:
 • Do not transfer any money.
 • Save call recording / screenshots as evidence.
 • Call 1930 within the golden hour to freeze any transfer.
 • File full complaint at cybercrime.gov.in.

How it protects citizens

- Instant verdict on any suspicious call, message or payment request.
- Very low false positives — explainable signals, not a black box.
- Guided 1930 / cybercrime.gov.in reporting auto-filled with evidence.
- Answers entirely in the citizen's language — pick हिन्दी and the whole conversation becomes pure Hindi: greeting, verdict, reasons and next steps.
- Works during the call, not after it — Live Call Guard walks a victim through a scam as it happens, and starts the golden-hour clock the moment money moves.

Tap a sample under the chat to see a live verdict — or type your own.

WHAT TO DO RIGHT NOW

- Do not transfer any money.
- Save call recording / screenshots as evidence.
- Call 1930 within the golden hour to freeze any transfer.
- File full complaint at cybercrime.gov.in.
