Digital Arrest Scam Detection

Real-time NLP classifier with auditable kill-chain evidence

How to read this: a digital-arrest scam always follows the same 5-step script. Paste a call or message on the left — the **kill-chain bar** shows how far the scammer has already got, the **score** is how certain we are, and every point is traced back to the exact words that caused it. Reaching step 5 means money is about to move.

Sir, I am Inspector Sharma from CBI Mumbai, badge number 4471. A parcel in your name was seized at Customs containing illegal drugs and your Aadhaar was used for money laundering. A non-bailable warrant is registered against you. Do not tell anyone, this is a confidential investigation. You are now under digital arrest and must stay on this video call. To clear your name you must transfer all your money to an RBI verified account for verification within 2

How to read this: each separate complaint looks unrelated — but scammers reuse the same phones, mule bank accounts and crypto wallets. Drawn as one map, that shared infrastructure **links the victims into gangs**. Big red dots = the **kingpin** account everything funnels into. Red lines = money moving. **Click a campaign card** on the right to highlight its gang.

I'm on a suspicious call RIGHT NOW

Prahari Shield · WhatsApp / IVR / App

Instantly.

A CBI officer says I am under digital arrest and must transfer all my money to an RBI verified account or be arrested today.

⚠️ This looks like a scam. Real police/CBI NEVER arrest you over a video call or ask for money transfers. Hang up and call 1930.
Risk 78/100 - HIGH RISK
• 1. Authority impersonation: "cbi"
• 4. "Digital arrest" / video custody: "digital arrest"
• 5. Money / verification transfer: "rbi verified account"
■ I can file this for you:
• Do not transfer any money.
• Save call recording / screenshots as evidence.
• Call 1930 within the golden hour to freeze any transfer.
• File full complaint at cybercrime.gov.in.

UPI 'wrong transfer' Work-from-home job

How it protects citizens

- Instant verdict on any suspicious call, message or payment request.
- Very low false positives — explainable signals, not a black box.
- Guided 1930 / cybercrime.gov.in reporting auto-filled with evidence.
- Answers entirely in the citizen's language — pick हिन्दी and the whole conversation becomes pure Hindi: greeting, verdict, reasons and next steps.
- Works during the call, not after it — Live Call Guard walks a victim through a scam as it happens, and starts the golden-hour clock the moment money moves.

Tap a sample under the chat to see a live verdict — or type your own.

WHAT TO DO RIGHT NOW

- Do not transfer any money.
- Save call recording / screenshots as evidence.
- Call 1930 within the golden hour to freeze any transfer.
- File full complaint at cybercrime.gov.in.
